CADIZ.—Rev. C. R. Goggins attended the funeral of Dr. P. W. Blackburn at McKeesport, Pa., Saturday.—Mr. and Mrs. Wm. Morning and Miss Ida Harris of Cleveland spent Sunday here.—Mrs. Rose Keaton of Wheeling is visiting her brother, Mr. Lewis Johnson.—Mrs. Mable Christian and Mrs. Florence Mason were in McIntyre, Sunday.—Mrs. Alma Ramsey of Wheeling visited here, Sunday.—Mr. Paul Johnson, a student of Cadiz High School, has measles.—The A. CORRESPONDENTS must mail all letters for publication at their main postoffice sufficiently early on Sunday or Monday of each week to have them reach The Gazette office on Tuesday morning, and always write their names and that of their city or town on the outside of the wrapper about returned copies, if proper credit for them is desired. Lists of names, wedding presents, obituary notices, inquiries for relatives and advertisements of all kinds, including items announcing entertainment to be held in the near future, must be paid for in advance at the rate of 20 cents a line, six words to a line. Our rates for display advertisements will be sent on application.

YOUNGSTOWN.—"Teen age" young people presented the college play in three acts, "The Senior," at Oakhill Ave. A. M. E. church, last evening. Paul Wright, Charles Murphy, Sylvia Davis and Wilma Manly had the leading parts, and were ably supported by Mary Fields, Cleo Terrence, Elsie and Margaret Maxwell, Leeman and James Tomlin, Walter Davidson, Robert Williams, Roy Robinson, Lloyd Trammel, and Floyd Davis. These young people are under the direction of J. B. Simmons, Jr., superintendent of the Young Men's Christian Association. He is a graduate of Tuskegee A. I. Institute, class 1921; Lincoln (Pa.) University, class 1925; and local manager of the Domestic L. & A. Insurance Co.

THE GREAT C. & B. LINE
The 1930 Season of Travel on Lake Erie Is at Hand—Exceptional Comforts and Opportunities!

"We're off to Buffalo on the night of April 15th," is the prediction of P. J. Swartz, general manager of The Cleveland and Buffalo Transit Company, "from then on steamers will leave on their regular schedule between Cleveland and Buffalo, each way, every night at 9 o'clock, arriving at the opposite terminus at 7:30 p. m." They are more ably equipped than ever before to handle the thousands of travelers and auto tourists and afford all the comforts and courtesy of a modern hotel. The singing orchestra of the great ship, "SEANDBEE," will give a concert, each evening, followed by dancing in the main dining room.
The Port Stanley division of the C. & B. Line is known as the short route to Canada from Ohio. The distance, across Lake Erie from Cleveland, is only 87 miles and autoists who wish to cross into "America's Europe" from northern Ohio can save many miles of congested driving by availing themselves of this C. & B. car-by-steamer service, between June 20 and Sept. 6. With both of these C. & B. divisions in operation, autoists may go either from Cleveland to Buffalo or from Cleveland to Port Stanley, returning on the opposite C. & B. route, with their entire time during the day for touring in the picturesque districts of Ontario Province.
The C. & B. division, between Cleveland and Cedar Point and Put-In-Bay, which opens, June 8, will be covered by the day-outing steamer, "GOODTIME," and the schedule will permit a still longer visit at Cedar Point or Put-In-Bay for those making these daily excursions.
One of the new features on the C. & B. Line schedule, for this season, will be the Cruise De Luxe of the "SEANDBEE" to Chicago with stopovers en route at the "Soo" and Mackinac Island. Many requests of the United Twenty-first Ward Republican club at 10512 Hathaway Ave.

THREE BOYS NEED HOMES

Here is a Wonderful Opportunity for Some of Our Good People to Help Themselves and Others Deserving.

As a result of unemployment the Cleveland Humane Society has the largest number of children on its boarding list in its fifty-seven years of service, and unless it can move the children from boarding homes into permanent homes and make place for children from the institutions, a serious problem is created for all the children's agencies. The Society is making a special effort to place a large number of boys and girls from 14 to 18 years old in normal, free and wage, family homes where they can earn a part or all of their board, and assist in their personal expenses. Among them are three promising boys of our race who need some home where they may have opportunities for development.

Edward, ambitious and dependable, shows marked mechanical ability, has managed a grocery store and is a good salesman. The lad is thrifty and is trying to save some money. Edward should be placed in the home of a mechanic or an intelligent man who would interest himself in the boy's mechanical development.

James, also age 16, is an ideal boy for a truck farm. At present he too is in Bedford in the first good home he has had. James needs a good free or wage home in the country where he can work under the supervision of an older man who will teach him.

Harry, age 11, is a regular boy, affectionate, easy to manage, nice looking, strong and well. He is a favorite among his playmates and very dependable. Harry would do just well in a small town or in a suburban locality where he can complete his education and assist himself.

The Humane Society believes that there are intelligent, socially-minded people of our race who could open their homes to these boys to their own advantage as well as to the advantage of the boys, and by so doing give them a good home and an opportunity to help themselves. Persons interested are requested to write Miss Amy Thomas, 520 Federal Reserve Bank Bldg., Cleveland, O., or call her at MAin 3382.

AT OHIO THEATER "HOT CHOCOLATES"

The original cast of Connie's "Hot Chocolates" with the fastest and peppiest dancing chorus ever seen, opens at the Ohio Theater, Sunday evening, at one week only, with matinees on Wednesday and Saturday, at popular prices. This is the company that Percy Hammond, dramatic critic of the New York Herald-Tribune, characterized as "the best colored show in New York," when it appeared there some months ago, for a long run. The entire New York cast of 105 people, and the Albertine Rasch ballet, make this outstanding musical event of the season, a rare treat for all.

Most of the performers in the show had their start in Connie's Inn, a rendezvous in Manhattan's uptown Afro-American section, and "Jazzlips" Richardson has been the talk of New York ever since "Hot Chocolates" opened at the Hudson Theater, last July. The popular "Jazzlips" Richardson has been the talk of New York ever since "Hot Chocolates" opened at the Hudson Theater, last July. The popular "Jazzlips" Richardson has been the talk of New York ever since "Hot Chocolates" opened at the Hudson Theater, last July.

It is the show that has "Ain't Misbehavin'," the popular jazz hit that has been sweeping the country. One of its composers, Thomas "Fats" Waller, is at the piano, in the orchestra, which Russell Wooding will direct. "Hot Chocolates" is a spirited, fast-stepping and expert display of Afro accomplishments. The young bloods from Harlem may be depended upon to dance with an immense amount of energy and willingness, and the entire performance, well-stocked with the characteristic humors of the race, will give local musical revue fans something to talk about after the opening.

Bar Hoover Endorsement.
Atlanta, Ga.—A recent meeting of the Republican State committee disclosed the interesting fact that out of sixty-five members, fifty-nine were "Black and Tans," and only six "Lily-Whites," who were therefore unable to get thru a resolution endorsing President Hoover and his administration. Our local weekly newspaper, the Independent, says, "The President desires to substitute 34,000 white people, who voted for Mr. Hoover in 1928 merely in protest against the White Citizens' Council, for the Negro vote, North and South, nobody can stop his Excellency from exercising this prerogative. The elimination of the Negro means a Democratic president in 1932."

AS PRESIDENT OF HAITI—HAITIANS HAPPY AS NEW ERA DAWNS.

Brig. Gen. Russell and the American Occupation Make Trouble for Hoover's Haitian Commission

—50,000 Parade—Haitians Sit on "Dictator," Etc.

Port au Prince, Haiti.—President Hoover's Haiti Commission, headed by its chairman, the Hon. W. Cameron Forbes, returned here on the 12th. During its absence from this city, it visited several centers of population in the interior, and Cape Haitien and Gonaves on the coast, followed a press conference at which President Hoover acknowledged receipt of a preliminary report from the commission on its activities in bringing about the provisional government which is to be inaugurated May 15 with Eugene Roy, Haitian financier, in the presidential power. President Hoover said the provisional president would remain in office until Haitian congressional elections next fall when a new president would be constitutionally elected. After a conference with Joseph P. Cotton, acting secretary of state, the commissioners said they immediately would begin work on their report. For this purpose they established headquarters at the State Department.

Wall St. Names Banker.
Port au Prince, Haiti, March 25.—Eugene Roy, Haitian banker, closely connected with the Wall St. bankers, who rule Haiti, has been made dictator on the recommendation of the Hoover banker-led commission. The Hoover Commission, headed by W. Cameron Forbes, Wall St. banker, suggested that President Louis Borno step aside to eliminate the antagonism against him and that Eugene Roy, who is closely affiliated with the National City Bank of New York City, take his place.

Southern "Crackers" in Haiti.
Helena Hill Weed (white) had the following in a recent issue of The Nation, N. Y. City:
This brute force of which I have given an example and which has characterized the whole history of the (American) occupation (in Haiti) is not the crowding stupidity—to use no stronger term of the 15 years of blundering in Haiti. The great issue—and it is the issue that pervades every phase of every American intervention—is the racial attitude of every American official in every department of the occupation. For an American to be seen speaking on friendly terms to a Haitian, unless in a strictly business official capacity, is to invite ostracism and insult from the lowest to the highest of those who, under the terms of the treaty, are here to "assist" the Haitians. Thus, while French, German, English and Canadian residents maintain social relations with Haitians of their own degree of culture and education, Americans, from the highest official to the toughest leatherneck, treat all Haitians with the utmost contumely and ridicule.

Russell Squelched.
In view of this racial code of conduct, an incident which occurred in connection with the arrival of the commissioners is especially amusing and significant. General Russell, in an effort to save his face, invited the elite of Haiti to his residence to meet the members of the commission. The local press carried the replies to his invitation of several distinguished Haitians. I reprint three of them here.
"I am a part of that national community which has the mentality of a child of 7 years, and my country undergoes... oppression for which you, and yours, are the responsible agents. As a Haitian, my place is not in your salon, and the invitation which I have received... is a mystification. I refuse it."
"Francois Mathon."
"I should like to believe that it is by... error that your invitation was addressed to Mme. Lucien Th. Lafontant and myself... I ask you not to contribute to a similar cause my refusal to take part."
"Lucien Lafontant."
"The 'nigger' Jacques Roumain does not condescend to associate with whites."
"Jacques Roumain."

Fifty Thousand Parade.
Port au Prince, Haiti, March 20.—Amid scenes of intense enthusiasm an assembly of people's delegates today approved the choice of the Hon. Eugene Roy, broker, as temporary president of Haiti. He will take office, May 15, when the pseudo president, Louis Borno's term expires. Mr. Roy will serve until legislative elections can be held, next fall, presumably in August, and the deputies and senators can elect a president. After the vote was taken, with 34 ballots for him and one blank, he was taken to the Parisian Theater for a speech. Outside a crowd of several thousand cheered wildly, mingling shouts for Mr. Roy, for the republic, for President Hoover and the Hoover commission which brought calm to Haiti's unfortunate political situation. After a brief talk, in which he pledged himself to carry out the plan of the Hoover commission, Mr. Roy was taken for a triumphal ride through the streets. Some 50,000 people shouted exuberantly and joined the parade, with bands playing, white shouts of "Vive Roy" and "Vive la Republique" were heard on all sides.

Haitian Commission Returns Home.
Washington, D. C.—Expressing appreciation of the "good work" which has been done in Haiti during the last fifteen years, the American representatives, President Hoover's Haitian commission returned and reported to him, last Friday, that it was ready to prepare a full report on its accomplishments in the island during the brief visit there. SATURDAY, MARCH 29, 1930.

President Herbert Hoover has found time to order the withdrawal of approximately 650 U. S. marines from Nicaragua. Wonder what he is going to do, if anything, for Haiti?

The weight-limit for trucks using the paved streets of the city is 10 tons, 12 tons being the maximum limit in some cases, according to the city clerk's office. Two and three trucks almost as large as small bungalows and each weighing far in excess of the weight-limit, hauled by a tractor, some of them from Akron, Canton and other cities and towns immediately south of Cleveland, pass through E. 30th St. daily and frequently during the night. They are rapidly ruining pavements which cost Cleveland and its taxpayers many thousands of dollars. Is there no relief from this unnecessary and very costly experience? Where are the city's guardians, the police, that no arrests are ever made? Ask City Manager Morgan!

BEWARE OF RUSSELL!

The latest reports from Haiti show clearly that Brig. Gen. John H. Russell, American High Commissioner, "Dictator," and head of the American Occupation in Haiti still is very active in his efforts to destroy the good work of President Herbert Hoover's Haitian Commission. He does not want Haiti to have a provisional government—a temporary president followed, this fall, by the election of a legislature that will elect the President. So while the Commission was absent from Port au Prince, visiting other points of Haiti, Russell forced President Borno, his political creature, to withdraw his (Borno's) agreement to the plan outlined by the Commission. In addition to this Russell had sent to the newspapers in this country articles that had a tendency to weaken the standing of and embarrass the commission, and at the same time promote his opposition to the Commission's plans. Russell and the occupation are but seeking to continue their stranglehold on "The Little Black Republic" and to prevent his early ousting and that of the American marines. It is to be hoped that the Haitian Commission understands this and more, and will refuse to be balked in their plans to free "poor bleeding Haiti" by Russell, the American Occupation, and President Borno, their creature. Let us hope that the Haitians' joy over the outlook to regain the freedom, this government robbed them of years ago, will not be lessened in the slightest by Russell, the American Occupation, or any one or anything else.

"THE TRIPLETS" ANTICS.

"The Blossom Triplets," Councilmen George, Payne and Bundy, endorsed Ormond Forte for the superintendency of the garbage plant. Being told by the leaders of the local Republican organization that Forte would not be appointed because he not only failed to support the organization side of the controversy, last fall, but aided the Progressive Government Committee in its campaign, and for other good and sufficient reasons, they then switched to the support of Sydney B. Thompson for the job. When the local Republican leaders informed "The Triplets" that they would O. K. Thompson's appointment, "The Blossom Trio" withdrew their support of Thompson and endorsed the removal of the same. All of which is very amusing. Other antics mentioned in connection with the appointment of Syd B. Thompson's successor are that Nelson and Walter, members of the World War veterans of Lewis T. Thompson and the current state in charge of the Garbage plant, come to an agreement

ing superintendent of the same. As we said in our last issue, "The Blossom Trio or Triplets," who still do not seem "to know what it is all about," will continue their foolish course in this matter of the appointment of a superintendent of the garbage plant until the local Republican organization leaders, as a result of disgust, will give that \$3500 a year job to some white Republican, and that will settle it. The appointment of Stokes to the position seems to us to be the logical one, and if "The Triplets" are wise they will urge the World War Veteran for the place, at once.

THEY BLAME DAVIS.

"The Blossom Triplets" blame the Hon. Harry E. Davis, a member of the Civil Service commission, for the loss of the clerkship in that department of the city service, promised them for "waiving" their opposition to the reappointment of City Welfare Director Dudley Blossom, and vainly trying to waive ours, too. There are three members of the commission and Davis is only one of them. It does not seem hardly fair for Councilmen George, Payne and Bundy to place all of the blame at his door. As a matter of fact, "The Blossom Triplets" are to blame, just as they are to blame for holding up the appointment of a member of the race as superintendent of the garbage plant, a \$3500 a year job, and for their failure to get the other "promised" job, the clerkship in the city treasurer's department. When they permitted City Manager Daniel E. Morgan and City Welfare Director Dug, Blossom to talk them into ignoring their "mandate" to oust Blossom from office, given them by their constituents, last fall during the campaign, "The Blossom Triplets" lost the standing with Morgan and the local Republican leaders they should hold, today. As it is, they are but pawns in the hands of these local Republican leaders who treat them as they please, and possibly as they should be treated in view of their support of the Blossom appointment contrary to the demand of our people, the great mass of their constituents.

SOUTHERN "CRACKERS."

The "Negro-hating U. S. senators, Cole Blaise of South Carolina, Tom Heflin of Alabama, and Pat Harrison of Mississippi are ever and anon making themselves supremely ridiculous in the eyes of the intelligent readers of the daily newspapers of the country as the result of their assinine racial and religious prejudices. The latest case in point is the Blaise stunt, of last week, when he held up for one and one-half hours the confirmation of the appointment of "Mun" Judge Jas. A. Cobb of (Washington), the District of Columbia. On this occasion Blaise's diatribes, directed at our people, were as usual contemptible and would have been slapped back into his foul mouth in a proper way, if our people had even one real friend, a member of that august body. Oh, for a Sumner or Foraker in the U. S. Senate, these days!

PRIME SPORT NEWS.

Godfrey Stops Clark.
Philadelphia, Pa.—George Godfrey, champion heavyweight pugilist, knocked out Ace Clark, Philadelphia "Afro" in the seventh of a scheduled ten-round bout at the Arena, Monday night. A terrific left hook to the chin sent Clark down for the count. Godfrey weighed 247½, ten and one-half pounds more than Clark.

Chocolate Kayeod, at Last.
New York City.—Kid Chocolate, leading featherweight, has suffered an attack of influenza and is a patient at Park View hospital. Dr. Hudson J. Oliver, his physician, says he had a temperature of 102 when he fought and knocked out Al Ridgeway at Madison Square Garden, last week Friday night. "The Keed" will be out of the ring indefinitely.

"The Keed" Does the Usual.
New York City.—Kid Chocolate, Afro-Cuban idol, won on a technical knockout over Al Ridgeway, Jersey City, featherweight, in the second of a scheduled ten-round bout at Madison Square Garden, last week Friday night, before 17,556. The second stanza was as disastrous for Ridgeway as the first. He opened resolutely, but after sparing for a while, the Kid landed a hard right to the jaw that floored him again for the nine count. Dazed, and in an effort to come back, Al swung from his knees at the Kid but missed. It was then Referee Jack Dorman stopped the bout. Chocolate weighed 126½, Ridgeway 125.

Midjet Wolgast (white) of Philadelphia belted his way to a fifteen-round decision victory over "Black Bill" of Cuba to win New York State recognition as flyweight champion of the world. Wolgast weighed 110, Bill 109½.

Blondie's Performance.
The fine singing of Jules Blodson at the BKO Palace this week again calls attention to the evolution and development of the Negro on the American stage. Blondie is not the best man of his race to give a first-rate artistic performance in the theater, for there have been many of them, but it is a long step from the back-strutting comedian of only a few years ago to an accomplished musician. And so it is that he is receiving a string of engagements in the theaters of the country, creating the proper mood for each. Archie Ball, a member of the "Blondie" troupe, is a member of the "Blondie" troupe, and is a member of the "Blondie" troupe.

OHIO'S MOB VIOLENCE ACT

OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also

His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of The Gazette, just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws. In recent years, like Pennsylvania and New Jersey, The Ohio law follows:

MOBBS.
Section 6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching.
6283. Person suffering death or injury by mob trying to lynch another.
6284. Limitations of action.
6285. Order to include recovery and costs in tax levy.
6286. Guardian's custody, etc., fees.
6287. County's right of action against member of mob.
6288. County's right of action against another county.
6289. Non-relief from prosecution.

Section 6278. A collection of people assembled for an unlawful purpose and intending to do damage or injury to any one, or pretending to exercise correctional power over other persons by violence and without authority of law, shall be deemed a "mob" for the purpose of this chapter. An act of violence by a mob upon the body of any person shall constitute a "lynching" within the meaning of this chapter. (93 v. 161 2.)
Section 6279. The term "serious injury," for the purpose of this chapter, shall include such injury as permanently or temporarily disables the person receiving it from earning a livelihood by manual labor. (93 v. 161 3.)
Section 6280. A person taken from officers of justice by a mob, and assaulted with whips, clubs, missiles or in any other manner, may recover, as hereafter provided, a sum not to exceed one thousand dollars as damages from the county in which the assault is made. (93 v. 161 4.)
Section 6281. A person assaulted and lynched by a mob may recover, as hereafter provided, a sum not to exceed five hundred dollars; or, if the injury received therefrom is serious, a sum not exceeding one thousand dollars; or, if such injury result in permanent disability, to earn a livelihood by manual labor, a sum not to exceed five thousand dollars. (93 v. 161 5.)
Section 6282. The legal representative of a person dying from injuries received from lynching by a mob, may recover of the county in which such injury occurred, a sum not to exceed five thousand dollars damages for such unlawful killing. Such sum shall be applied to the maintenance of the family and education of the minor children of such person so lynched, if any survive him, until such children are of legal age, and then be distributed to the survivors, share and share alike, the widow receiving an amount equal to a child's share. If there be no widow or minor children surviving such decedent, such sum shall be distributed among the next of kin according to the laws of the distribution of the personality of an intestate. Such sum so recovered shall not be a part of the estate of such person so lynched, nor be subject to any of his liabilities. (93 v. 161 6.)
Section 6283. A person suffering death or injury from a mob attempting to lynch another person shall come within the provisions of this chapter. He or his legal representative shall have a like right of action as one purposely injured or killed by such a mob. (93 v. 162 1.)
Section 6284. Action for the recovery provided for in this chapter must be commenced, within two years from the date of such lynching, in any court having original jurisdiction of an action for damages for malicious assault. (93 v. 162 7.)
Section 6285. An order to the commissioners of a county, against which such recovery is had, to include it with the costs of action, in the next succeeding tax levy for such county, shall be a part of the judgment in every such case. (93 v. 162 8.)
Section 6286. If the decedent so lynched has minor children surviving him, the fund shall be turned over to a regularly appointed guardian. Such guardian shall administer such fund under the direction of the probate judge, allowing not more than five hundred dollars for counsel fees in the action for such recovery. (93 v. 162 9.)
Section 6287. The county, in which a lynching occurs, may recover the amount of a judgment and costs against it in favor of the legal representative of a person killed or seriously injured by a mob from any of the persons composing such mob. A person present, with hostile intent, at such lynching shall be deemed a

member of the mob and be liable to such action. (93 v. 162 10.)

Section 6288. If a mob carries a prisoner into another county, or comes from another county to commit violence on a prisoner brought from such county for safekeeping, the county in which the lynching is committed may recover the amount of the judgment and costs from the county from which the mob came, unless there was contributory negligence on the part of officials of such county in failing to protect such prisoner or disperse such mob. (93 v. 163 11.)
Section 6289. This chapter shall not relieve a person concerned in such lynching from prosecution for homicide or assault for engaging therein. (93 v. 163 12.)

OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of The Gazette we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor of the Gazette, who is a member of the 71st General Assembly, in 1894:

The General Code of Ohio:
Sec. 12240. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.
Sec. 12241. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundred dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law has repeatedly been held constitutional and good law by the Ohio Supreme Court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, under it, in the courts.

HERE'S AN OPPORTUNITY!

"HUMAN NATURE'S FOULEST BLOT."

My ear is pained.
My soul is sick with every day's report
Of wrong and outrage, with which the earth is filled.
There is no flesh in man's obdurate heart.
It does not feel for man; the natural bond
Of brotherhood is severed as the flax.
That falls asunder at the touch of fire.
He finds his fellow guilty of a skin
Not colored like his own; and having power
To enforce the wrong, for such a worthy cause
Dooms and devotes him as his lawful prey.
Thus man devotes his brother, and destroys:
'Tis human nature's broadest foulest blot.

"WORTH ITS WEIGHT IN GOLD!"

Cleveland, O., Aug. 28th, 1925.
Hon. Harry C. Smith, Editor, Gazette.
Dear Friend:—I have read the latest copy of The Gazette through and after reading it, I can truthfully say: It is worth its weight in gold!
I admire true manhood—a man who, seeing injustice and oppression, dares, within the limits of the law, to expose it and, if possible, smite it. You and I have frequently, during the forty-two years since the birth of The Gazette, been, as the Scotch would say, like two McNells, but when I find a man, such as you, who consistently, and persistently, through nearly half a century, puts his race foremost in his life struggle, I take off my hat to him, as being a true friend of our class. Long life to you and The Gazette.
Yours for the right,
John P. Green,
(Former Member, Ohio State Senate.)

CHARACTER.

Character, like a fine old tree, matures slowly and is a riper growth than success that is forced as hothouse products are forced. Character in a newspaper develops through years of service to the people. For forty-eight years The Gazette, under its present management, has been serving our people of this country. It has gathered a reader clientele whose tastes it reflects, and whose power and responsiveness to buy are direct measures of its present importance to every advertiser.

The Illustrated Feature Section, which some of our weekly publications are using, is gotten out by the W. B. Ziff Co., "Publishers' Representative", of Chicago. It is supposedly "a co-operative enterprise" but is simply a scheme with which the Jewish firm benefits MOST and uses the circulation of our publications so misguidedly as to use The Illustrated Feature Section. "Cut it out, brethren!" It seems strange that any of our papers can be so easily duped and taken advantage of.

A meeting of our employees at the city garbage plant was held, Saturday, at which a proposal to bring about the removal of Abe Crutch as superintendent and the appointment of a member of the race in his place was discussed. Charges against Crutch may be drawn up and presented to Service Director Rees H. Davis, it is said. All of which is entirely unnecessary because Sup't. Crutch will be automatically removed when his successor is appointed, and this last will not take place until "The Blossom Triplets" (Councilmen Payne, Bundy and George) withdraw their endorsement of the candidacy of Ormond Forte who will not be appointed Crutch's successor, and said "Triplets" get behind some deserving and capable member of the race for the position. But if they continue the present condition much longer, Crutch's successor will be someone other than a member of the race, and they will be responsible for this miscarriage, too. Crutch is slated to go, indeed would have been replaced, several weeks ago, but for the woeful lack of a little good judgment not as yet displayed by "The Blossom Triplets."

WHITE GIRLS LIKE JOHNNIE

Or Is It That "Snappy" Car and the Money?—Eugene Weekly?—Union City, N. J.—Johnnie Stokes, Jr.'s mother is white and his father, colored. Next door to his parents' home here lives Mrs. Bessie Pristop (white) who has a very pretty daughter that Johnnie loves and intends to marry in spite of the opposition of the mother.

"All the other white girls I know have been trying to get Johnny," shouted 16-year-old Lillian to her mother. "He has a snappy car and makes \$125 a week. If I don't take him now, some of the others will." The Johnny referred to is John Stokes, Jr., of course, who has already gotten a provisional marriage license on the condition that Lillian can substantiate her claim that she is 19 years old.

"I will send to New York for a copy of Lillian's birth certificate. It shows she is 19 instead of 16 we will be married right away," says Johnnie.

Meantime, "Mother" Pristop has spirited daughter away northward, presumably to the home of an uncle where she will try to keep her until his romance with Johnnie has died a natural death—if it will.

Condemns Hoover's "Jim-Crow."—Boston, Mass.—Matthew W. Bullock, a member of the Massachusetts state board of pardons, and a member of the state Republican committee, severely criticized President Herbert Hoover and his action in segregating our Gold Star mothers, in the coming trip to Europe, in a meeting at the Women's Republican club (white), last week Wednesday night.

"Women are the heart and soul of the Republican party, today. The ideal have strayed far from the ideals of Lincoln and Sumner, but the wo-

men have stayed true to Republican principals," declared Mr. Bullock.

JUDGE A. J. PEARSON
Presiding Over the Local Divorce Court Headed Right—Solicitous For the Children, Particularly.

Mrs. Louise Pridgen and the editor of The Gazette represented our people at a conference of charitable and welfare organizations, called by Judge A. J. Pearson of the Common pleas court and held, last Saturday morning, in the Federal Reserve Bank building, the attendance be-

ing limited to about 25 persons. The speakers were Judge Pearson who presided over the meeting, Judge Ira M. Jayne, Atty. Knapp of Detroit, and Chief Justice Carrington T. Marshall of the Ohio Supreme Court, Columbus. A "round table" discussion followed their very interesting talks which terminated in a motion to authorize Judge Pearson to appoint a small committee to study carefully his suggestion of closer coordination and better co-operation of the local divorce and juvenile courts with the charitable and welfare organizations of the city, some-

thing greatly needed. Judge Jayne had also made this perfectly clear in his talk, after Judge Pearson had outlined the object of the conference, and showed how much further advanced in this respect Detroit was than Cleveland. This excited a little exhibition of jealousy, on the part of the local associated charities' representative and one or two others, that was so characteristically "Afro" we could not repress several smiles. Judges Pearson, Marshall and Jayne were entirely right in their suggestions and conclusions, however, and we trust these latter will eventually be acted upon favorably.

MORGAN AND DUD. BLOSSOM GOT BUSY!

STYLISTS SPONSOR COLORFUL PIQUE FOR THE SPRING SUIT OR ENSEMBLE

THE chic of pique for the spring suit and ensemble is unquestioned. While many of the new piques are made of silk or cotton, just as many and equally as beautiful types are woven of man-made fiber, which is wonderfully interesting when you come to think of it. Because of its soft, silky texture and its scope of adorable colorings, modern processed fiber pique merits all the flattering attention which stylists are accorded.

A pleasing designfulness is achieved by playing up a vertical and horizontal striping of the benberg pique which fashions the three-piece sports ensemble pictured. The color scheme adopted for this costume is very attractive. The blouse is in the new bittersweet shade, which makes an effective contrast to the champagne tint of the pique jacket and skirt.

The suit in the modern interpretation of the word does not mean a mannish tailored costume of stereotyped silhouette. On the contrary the new spring suits are delightfully

"feminine," giving variety to the mode because of their versatile styling which involves all sorts of "dress-maker" touches.

Scarves of self-fabric, such as details the frock pictured, finish the necklines, as also do cape collars. Many a frock of lustrous colorful pique is made sleeveless, but with a cape which being detachable may be worn at will. The bolero suit is also successfully styled of the new colorful soft and silken pique.

Smart style also calls for very simply styled suits made of brown or black pique. These depend on the blouses worn with them for color effect. The latest adventure in color made by the blouse is in the realm of lovely pastel shades. For instance, with the suit of black pique, a blouse of either "baby blue" or pale pink shantung bespeaks a last-word trend of the mode. The sleeveless blouse of silk print is also registered on the new style program.

NET IN LOVELY SHADES WORN OVER ELABORATE FOUNDATIONS

THE powers that be are certainly doing the thing thoroughly down to the slightest detail—that of "feminizing" the mode.

One of the latest evidences of this is the revival of the elaborated foundation slip. Of course, with such filmy frocks of lace, chiffon or net, as are now in fashion, the fanciful costume slip is inevitable. The dainty frock of diamond-mesh benberg net in the picture owes much of its enchantment to the very lovely bow-trimmed satin-and-lace slip, over which it is posed. The costume is carried out in rose-beige tones. Cap sleeves, a very full-at-the-hemline skirt and a cape back, contribute effective style features to this beguiling party frock.

Net in white, black, and especially in dainty colors, is among the most sought-for media of the present fashion era. In fact, all filmy, see-through materials are "having their day" and night, too, for that matter, as transparent effects are the call of the spring and the summer evening mode. With this thought in mind, stylists are fashioning the new lingerie slips

accordingly, that is, elaborating them with lace, ribbon and embroidery. It is even hinted that because of the return of "peek-a-bo" blouses of washable net, the lace-laden, be-ribboned camisole may be revived.

However, speaking of the new sheer frocks, nothing prettier appears in the evening style scene than those fashioned of pale pink or flesh colored net over satin foundations. Some, there are, who are referring to the future as a "pink season," owing to the accent placed on all pink tones by fashion. This applies not only to evening modes, for sports wear, also, is made up to a large extent of pale pink jersey, flannels, crepes, and washable silks.

As to the sheerness of the mode, even hats reflect its influence. For instance, many of the widened picture brims are of "straw lace," this being a new note introduced into millinery this season, and one which is being highlighted with utmost enthusiasm. These hats with transparent brims top the wispy sheer flowery chiffon ensembles to perfection.

ROADS GET PART OF MOTOR COST

Ten Per Cent of Motoring Bill Goes to Highways in Minnesota.

(By E. E. DUFFY.)
When the motorist-taxpayer reads that his state is spending millions of dollars for road improvements he may feel that the expenditure is ample. However, the money that is actually devoted to road betterment is but a small percentage of the total motoring cost.

Minnesota Figures.
Taking figures compiled for Minnesota, which are exemplary of most other states, the total state and local road bill is but 10 per cent of Minnesota's complete motoring expenditure. Replacement of parts, fuel, lubricants, accessories, financing, new cars and trucks, insurance, and so on, this year cost Minnesota motorists \$372,000,000. It is estimated by the state highway department that in 1930 Minnesota will spend \$38,500,000 for roads. It is prophesied that the total motoring bill for 1930 will be \$390,000,000. Consequently, the license and gasoline tax moneys which go into the trunk highway fund will be less than 5 per cent of the total motoring bill.

C. M. Babcock, Minnesota's commissioner of highways, recently declared:
Vehicle Cost Decreases.
"Although our total motor bill is increasing, the cost per vehicle mile is decreasing. This is partly due to improvements in the cars, but mostly due to improved highways. With further improvements in our highway system, we can still further reduce the cost per car mile. Every dollar spent for better roads will save dollars for gasoline, tires and repairs."

With automobile registrations increasing rapidly and with a steady increase in the mileage covered by the individual motorist, most states would not be violating any economic rule by devoting more money to first-class pavement construction. Quite to the contrary, the wise spending of more money for smooth pavements would bring a proportionate reduction in car operating costs. The invisible charge collected by inferior roads is far greater than the motorist realizes—from one to two cents a mile.

Automobile Radios Are Getting Quite Common

Only a short time ago the radio enthusiast who strung an aerial over the top of his car and installed a receiving set in the back so that he could hear programs as he drove along was looked upon as a bit queer and people smiled as they passed such an outfit along the road. Nowadays, with the vastly better receiving sets many of the better grades of automobiles are being regularly equipped with aerials built into the car tops, so that high-grade receiving sets can be installed at any time the owner desires. The main problem in connection with such an installation is the elimination of interference from the automobile spark plugs, which can be done with the proper arrangement of condensers and resistances. The latest trend in the circuit breaker and the generator commutator are even more easily taken care of.

It will be only a short time now before all the better grades of autos will have a receiving set as standard equipment, and even the cheaper cars will be arranged to put them in as optional equipment.

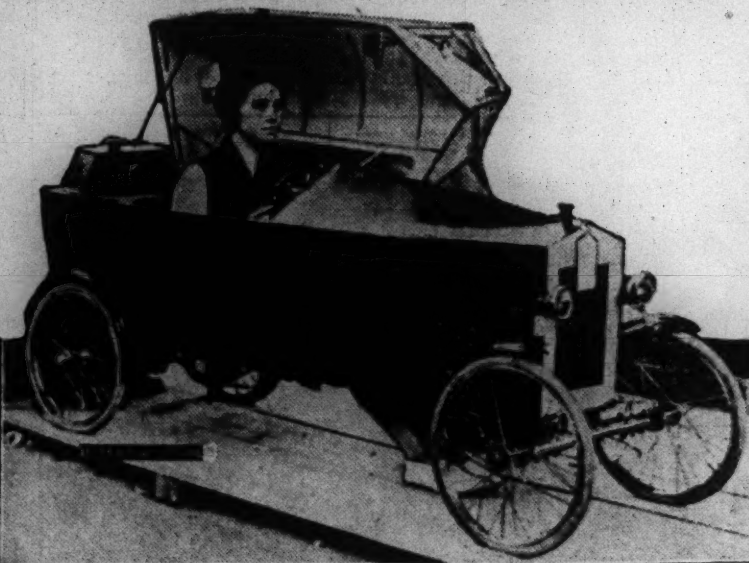

Autoists Speeding Over Roads Built by Romans

While the United States leads in road improvement, and consequent activity, European countries lead in mileage of surfaced roads.

This is because their surfaced highways began with the old Romans, and these old highways have been kept in good condition throughout the ages. Europe has 800,000 miles of surfaced roads as compared to 150,000 in the United States.

Following close on the heels of the United States comes Australia, with 86,000 miles of hard roads. The huge area of Asia, however, has only 105,000 miles of surfaced highways.

POOR MAN'S AUTO THAT SELLS FOR \$100

Hardly larger than a toy, this automobile attracted a great deal of attention at the Paris auto show. It is two and one-half horse power and attains a speed of over twenty miles an hour. The price is only \$100.

THE MOTOR QUIZ

How Many Can You Answer?

Q. How much dirt, sludge and other foreign matter is collected by the oil filter in 10,000 miles of driving?
Ans. Over two pounds.

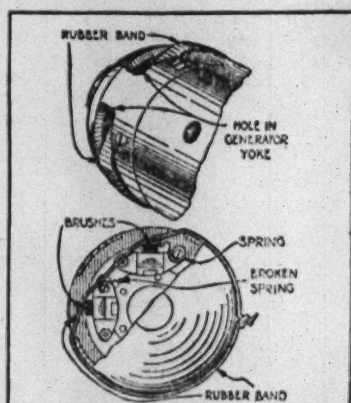

Q. What attention must be given the oil filter?
Ans. At 10,000 miles the filter unit should be renewed.

Q. When was the first automobile introduced in the U. S.?
Ans. In 1895. The natives regarded it with superstition, claiming that the devils formed the means of locomotion.

Q. What is "Shellol" and where is it produced?
Ans. "Shellol" is a fuel alcohol manufactured in Australia and is produced from molasses.

Making Temporary Repair of Broken Brush Spring

Sometimes a break in a spring that presses a brush against the commutator on the starting motor makes the starter inoperative. The illustration shows a temporary repair. Cut a strip of rubber from an inner tube and pass it through the openings in the motor

Broken Brush Spring Is Repaired With Rubber Band.

frame as shown. Pull fairly tightly and tie a knot. The rubber band will press the brush against the commutator and permit the motor to start the engine in normal fashion.—Popular Science Monthly.

Spark Plugs Important for Increasing Power

Some tests recently made in one of the automobile manufacturer's laboratories showed that an automobile engine in which the spark plugs had been used for more than 12,000 miles developed 31.2 horse power when run at an engine speed equivalent to 20 miles per hour. The same motor run at the same speed with a new set of spark plugs produced 38 horse power, an increase of 8.8 horse power, or 21.8 per cent. This shows the importance of good plugs for increasing power and decreasing fuel consumption.

AUTOMOBILE NOTES

After the monoxide fumes have done their work, it is far too late to be cautious.

The absence of water in a battery will cause the bottom to be eaten away by strong acids.

Uneven tire wear can affect the rear as well as front tires, although it generally is associated with the latter.

Jeweler's rouge is still the most effective cleanser for headlight reflectors on which the plating is easily damaged.

Caution should be taken when driving off the main road into grass. Loose snow or dirt or a bad culvert will cause an accident.

When a balloon tire is starting to go flat remember that it always looks flatter than it is and often can be run on to the nearest garage without injury.

There are 23.8 motor vehicles for every mile of road in the Hawaiian Islands. Such traffic congestion is of course responsible for that eight-tenths of a car.

HOW THEY DID IT!

"I Want to Commend Your Steadfast Refusal (the Editor's) to Confer With Blossom. That Is Where 'The White Man' Gets the Negro—in Private Conference Two to One—Two White Men—One 'Negro', and He Is Hobbled to Fit the White Man's Program!!!"—Rev. Geo. Wilson Brent (white), Madison, N. J.

DUDLEY S. BLOSSOM

"THE BLOSSOM TRIPLETS"

It does not seem possible that three persons, candidates for office in quest of votes, could possibly go thru several weeks of campaigning, day and night pledging the voters that, if elected, they would do all in their power to oust a man from office who had denied them and their people, of all the population of a great city like Cleveland, rights and privileges (in a public institution) in a most insulting manner, and

The Truth!

What would cause other people to gnash their teeth and grind their joints in question of debate for us. Kick us, beat us, pile deprecations upon us, revile us, abuse us, lie about us, malign us and even impugn our valor and we are not ungraciously insulted. It seems impossible to establish unanimity of insult in the black race.—Chicago (Ill.) Whip.

then fall to do so, with victory in their hands—only dependent upon their keeping their pledge to the people who elected them. And yet that is exactly what Councilmen Clayborne George, Leroy Bundy and Lawrence Payne did in the case of City Welfare Director Dudley S. Blossom, when on Monday, Feb. 17, '30, they "waived their opposition"—not ours—and City Manager Daniel E. Morgan, knowing the condition of affairs, so flagrantly insulted all of our loyal, self and race respecting people in this city by appointing Blossom, city welfare director. All three councilmen, in a conference with the editor of The Gazette about ten days previous to Feb. 17, '30, freely admitted they had a "mandate" from our people of their districts to oust Blossom from office for his most miserable treatment of them. The statement that "Manager Morgan would have appointed him, anyhow" is not true. That fact he made clear in a conference with the editor of this paper. And even if it were true, which was not the case, even that would not excuse them for breaking their pledge to our people of their districts and all the rest of the city, because when they "waived" their opposition to Blossom, they were not keeping but breaking their pledge and ignoring the people and the pledge they so often and so loudly proclaimed, day and night, in public meetings during last fall's campaign. It is an unpardonable act for which Bundy, Payne and George will be made to atone, if they dare to face the electorate of their districts again, next year, seeking re-election. Our people of this community had a somewhat similar experience in the case of Councilman E. J. Gregg upon whom they visited a stinging defeat at the polls, last fall, because of his sad exhibition of distastefulness when he voted for a white Democrat in preference to one of his own people. Our people, especially the intelligent ones, will not condone such flagrant disloyalty, to the race, in their public servants, especially those of color. They have to work too hard to elect them to office to quietly submit to such shameful mistreatment, and Councilmen Payne, Bundy and George will be made to recognize this fact, next year in the fall, should they stand again as candidates. Nor will our city manager be forgotten when the opportunity affords.

"THE BLOSSOM TRIPLETS"

And City Manager Daniel E. Morgan to Be Issues in the Campaign, Next Year.

Hon. Harry C. Smith, Editor The Gazette, City.

Dear Sir:—After reading carefully The Gazette of Feb. 23, '30, I desire to say that I am in hearty sympathy with you and therefore am laying my copy aside for reference, next year, during the campaign when I hope to be actively engaged with you and others reminding the people of the third and fourth districts of Councilmen Leroy N. Bundy, Lawrence O. Payne and Clayborne George's shameful refusal to obey the mandate of our people of those districts and the entire city, given them, last fall, during the campaign—to do all in their power to help oust City Welfare Director Dudley S. Blossom, as well as City Manager Wm. R. Hopkins. There are hundreds, yes, thousands of our people in this section of the city who will not overlook or forgive their flagrant disregard of their clear duty in this matter. I expect

IS IT ANY USE TO CONTEND FOR RIGHTS?

Colored Americans are the only race, responsible members of which are in favor of submitting to discrimination on the claim that their race "always will be discriminated against." The Jews are still contending, after over 1900 years of universal discrimination, and are winning even social rights today. The Irish at home have contended for 700 years and are winning because they will die rather than submit. The race that says it's of no use to resist, down its throat and the world then will say, "Negroes are not worthy of equal rights; they are by nature without self-respect and have no guts." The world respects only those who resist and resist proscriptions for race. Let us be worthy of the abolitionists, worthy of our own fathers who have died in every war to vindicate the title of their race to equal liberty, and forever resist denial of rights in our native land, however long race discrimination may continue. To submit is to deserve contempt.—Boston (Mass.) Guardian.

to be actively engaged against the candidacies of these men, next year, in case they have the temerity to stand for re-election to the City Council of Cleveland.

I want you to know that I also shall not forget City Manager Daniel E. Morgan's disapproval of the Finke ordinance, passed by the City Council, to award Garret A. Morgan the pittance of \$2000 for the heroic service he gave this city at its official request at the time of the tunnel disaster, in 1916. This most reprehensible act is but little less offensive than his appointment of Welfare Director Dudley S. Blossom

D. E. MORGAN

In the face of the letters and resolution protests of the loyal, self and race-respecting members of the race in this community.

In conclusion, I wish to assure you that there are thousands of our people in this community that thoroughly appreciate the honesty, fearlessness and loyalty of "The Old Reliable" Gazette.
